This review petition is filed seeking to review the judgment dated 5.1.2007 and refix the amount of compensation awarded. We had fixed the age of the deceased as 67 years giving clear and cogent reasons and had applied appropriate multiplier of 5. We have taken the income also at Rs 1,500/- than what was fixed by the Tribunal and applied the multiplier of 5 and awarded Rs 60,000/- towards compensation for loss of dependency. There is no error which requires rectification apparent on the face of the record. The review petition lacks merits and it is dismissed.
